Curious about life at Lee College? Come see it for yourself!

We are thrilled you're interested in visiting our campus — whether in the morning or evening, we would love to show you around.

To make the most of your visit, we encourage you to call ahead and plan your tour. You can schedule a campus visit by completing our **Tour Request Form** or by calling us at **281.425.6260**.

Please submit your request at least **seven business days in advance** so we can coordinate with the appropriate departments and programs.

Your visit will include a **guided walking tour** of the campus. We recommend wearing comfortable clothes and shoes, and bringing a bottle of water to stay hydrated.

We look forward to welcoming you to Lee College!
